Problem Description:

How do we get the word out in our community about what we do and what equipment our facility has to offer?

Things to be considered or defined for the solution:

- Where is the facility?
- What equipment does the facility have?
- How do people become a member?
- What times is the facility accessible to the public?
- Is material supplied by the facility?
- Can projects be stored at the facility?
- Can projects take more than a day to finish?
